

13 Gilbert Street Goodwood SA

4 4 2

Stunning brand-new luxury architectural designer home on 514 sqm of land over two levels with in-ground pool. Working within the constraints of the planning requirements for this pocket of Goodwood, the builder from the Aria Building Group set about pushing design boundaries to create a modern, futuristic home that took advantage of its northern aspect. Strong and commanding, the home's pitched cathedral shaped roof provides an abundance of space to house an impressive amount of accommodation. Luxury finishes, high-tech gadgets and a superior interior-design colour palate have been hand picked by the owner-builders, their care and elegant styling are evident throughout. If you've been looking for a new build with exemplary attention to detail and bespoke luxury finishes, then this home is a must to inspect.
