

5 Watson Avenue Rose Park SA

6 3 2

A truly remarkable offering to market, set on a sprawling land holding in this premiere city fringe location, surrounded by high-end homes of equal beauty and architectural merit within this established tree-lined avenue.

The hand-crafted Bluestone walls of the original home, which was built in 1890 is framed with decorative finials and the original return verandah offers a glimpse of this gracious building's history.

The home's generous proportions, neutral palette, decorative architectural elements including high ceilings will provide the discerning buyer an opportunity to masterfully transform this home into a stunning family home.
