Set back from the road and encircled by beautifully landscaped gardens is this delightful family home. Manicured hedges, established trees and immaculate lawns surround this character home which offers extensive accommodation with up to 5 bedrooms plus a pool-house/studio to the rear of the garden.

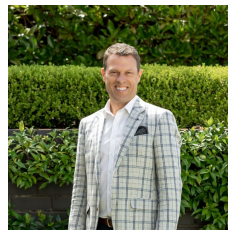

The traditional entry with leadlight window at the front door and high ceilings brings you into the original part of the home. The primary bedroom is off the hall and offers an ensuite bathroom, built-in robes and views over the stunning front garden.

The formal lounge with its original timber mantel and open fireplace is a cosy place to sit and relax and works well as a parent's sanctuary. A formal dining room with a set of double French doors which open to a side courtyard.

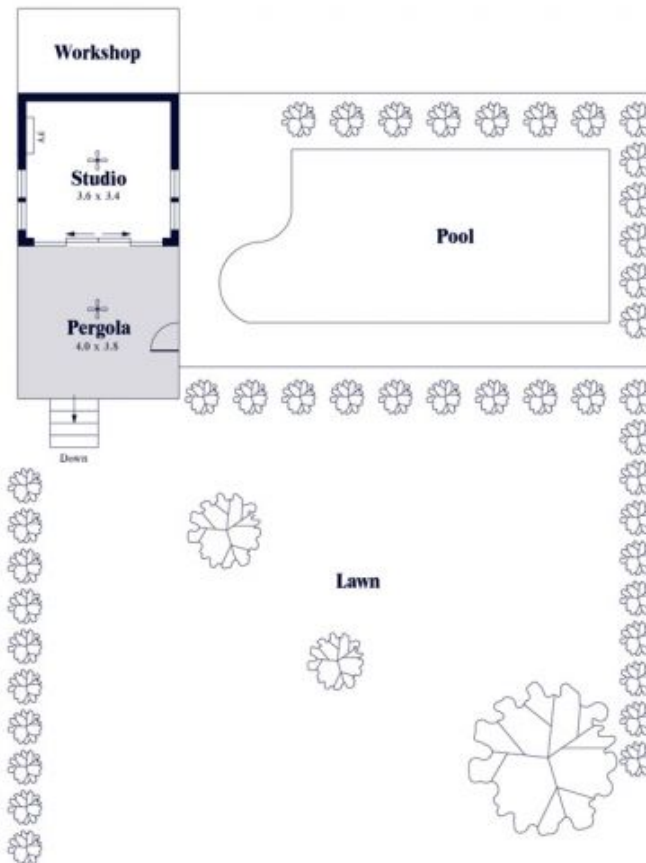

The hub of the home is centred around the modern kitchen
