5 2 2

Completed by renowned custom builder Klemm Homes in 2017 to a superior quality, there is nothing more to do, a welcome relief in these times of high building costs and supply shortages.

Spanning across 2 levels, maximising the use of natural light with its high ceiling lines, the home offers ample and flexible accommodation with up to 5 bedrooms. The generous master bedroom, located on the lower-level, features a large walk-in robe and ensuite and a view out to tranquil hedging. Upstairs is a brilliant configuration of up to 4 further bedrooms, whilst retaining the ability to have a separate lounge and a study to cater for families of all sizes and working arrangements. All main bedrooms have built-in robes and are serviced by the family bathroom with built-in bath and modern finishes including stone cabinet tops.
